

CLUB CELEBRATION MATCHES

Any club that wishes the President to bring a team to their club for a celebration match, should apply to the County Match Secretary, with a copy to the County Secretary. This action should be taken at least one year prior to event and preferably two years in advance to allow planning.

This applies to both Men's matches and Mixed matches, which may also be requested and arranged subject to agreement by the Women's Section President and Secretary.

Clubs should clearly indicate whether they wish the match to be, a Men's match or a Mixed match. This will allow the Match Secretary, Secretary and Women's Secretary if applicable, to ascertain where it is possible to fit such a match into the County Diaries.

Celebration Matches will normally be granted for 50th, 60th, 75th and Centenary anniversaries and for 25 year stages after that.

Matches for other anniversaries and special events, such as opening of a new Club House may be granted at the discretion of the County President, generally dependant on how many applications have been received in any one year.

For all matches the County President(s) will normally bring a team of six rinks Men (or mixed if requested) which will include a number of Senior Officers and a selection of players from all over the county.

Matches will usually start at 2.00 pm and Clubs should ensure tea/coffee and light refreshments such as sandwiches or buffet are available - for purchase - before the game.

Following the match Clubs should normally provide a main meal for players and guests.

Such matches played at the invitation of a club, are not subject to Match Fees, but after the match the County President(s) will make a donation to the host Club's Funds.

Clubs should apply separately, to the Women's Section Secretary, if they wish to have two separate Men's and Women's matches.
