Online Adult Safeguarding in Bowls.

Coach Bowls is delighted to be able to offer all clubs, coaches and volunteers the opportunity to attend the new online version of the 'Adult Safeguarding in Bowls' module.

The module has been revamped and refreshed to allow it to be delivered in a 'virtual classroom' allowing full interaction with the tutor and the other attendees, just as if you were on a 'traditionally delivered' course

This style of delivery will allow club members to attend the module in the comfort and safety of their own home, whilst still giving the opportunity to chat to / meet / interact with different people from around the country.

It gives clubs the reassurance that in a time when their members are possibly more vulnerable than ever, there are people with the awareness and knowledge to recognise the signs and know where to go for help and support. Clubs are encouraged to send as many members as possible on to the module. After all, safeguarding is everyone's responsibility in a club! The content of the module remains in line with the 'traditionally delivered' module. People attending will gain an e 'certificate' which can be displayed as soon as people wish. Additional resources are circulated after the course, to help the club display information, along with reinforcing the information gained during the module itself. The module is 3 hours and costs £25.

These online Courses are currently open for bookings through:

<http://www.coachbowls.org/course-bookings>

Bowls England will reimburse all successful applicants 50% of the relevant course fee. The cheque will be made payable directly to the affiliated club OR county association that is supporting the application. Payment will be made when the applicant has successfully completed the training and returns this form together with a copy of the invoice and relevant certificate.

A copy of the application form is available for download on the County web site, Safeguarding Training Section.

Upon successful completion of the course, a copy certificate, together with a note indicating club name and position within the club should also be forwarded to the County Safeguarding Officer: scbsafeguarding@gmail.com
